

Playground Rules

There is nothing more important to us than the safety of your children. In order for us to maintain this safety we would ask you to remember the following playground rules when you attend any event at Our Lady of Grace:

- Only **Kindergarten – 3rd Grade** students may use the large playground equipment. The slides are too high and the climbing apparatus is tricky for the younger children.
- Children may not climb up slides.
- Children may not stand at the bottom of slides to “catch” their friends.
- Only one child is allowed on the slides at a time.
- Absolutely no pushing or shoving is allowed on the playground at any time.
- **Parents must mind their children! When the faculty attends events they are off-duty. Please do not expect them to watch your children.**

Please keep in mind that if these rules are not followed the playground will need to be closed immediately and will not be opened for future events.

Thank you for your cooperation.
